

MUSKAN BANO

Java Backend Developer | Software Engineer

Jaipur, Rajasthan, India • +91 84004 81289 • muskan0khan512@gmail.com [linkedin.com/in/muskan-bano-988746319](https://www.linkedin.com/in/muskan-bano-988746319) • github.com/Muskankhan512

PROFESSIONAL SUMMARY

Computer Science undergraduate (CGPA 9.10/10) and Java Backend Developer with hands-on experience building scalable, modular applications using Java, MySQL, JDBC, and OOP principles. Skilled in Data Structures & Algorithms, relational database design, query optimization, and REST API fundamentals. Hackathon winner with strong team leadership and proven academic excellence. Seeking a Software Engineer role to build robust backend systems and grow expertise in distributed systems and cloud computing.

TECHNICAL SKILLS

Languages: Java (Advanced), C, SQL

Databases: MySQL, Schema Design, Joins, Indexing, Query Optimization, Normalization

Backend & Frameworks: JDBC, REST APIs, Java Swing, Exception Handling, Multithreading Basics

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, Cloud Computing **Tools**

& Platforms: Git, GitHub, IntelliJ IDEA, VS Code, MySQL Workbench, Linux, Windows

PROJECTS

E-Commerce Backend System

Feb 2026 – Mar 2026

Java, MySQL, JDBC, OOP — Sole Developer

- Engineered a scalable e-commerce backend with modules for user authentication, product catalogue, shopping cart, and order processing workflow.
- Designed a normalized relational database schema and wrote optimized SQL queries with indexing, improving product search and order retrieval performance.
- Applied OOP principles (Inheritance, Encapsulation, Polymorphism, Abstraction) to deliver maintainable, modular, reusable code.
- Integrated JDBC for database connectivity with robust exception handling, supporting concurrent user operations reliably.

Student Management System

Jul 2025 – Aug 2025

Java, Java Swing, MySQL, JDBC — Sole Developer

- Built a desktop application with a clean Swing GUI and complete CRUD operations on student records, including input validation.
- Developed modules for registration, record updates, advanced search filters, and secure deletion with confirmation flows.
- Integrated MySQL via JDBC for persistent storage, ensuring data integrity and fast retrieval; added event-driven exception handling for reliability.

EDUCATION

Bachelor of Technology, Computer Science & Engineering

2023 – 2027

Arya College of Engineering, Jaipur — CGPA: 9.10 / 10.00

Relevant Coursework: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, Software Engineering, Cloud Computing.

Senior Secondary (Class XII), Science — UP Board

2022

Aggregate: 73.00%

2020

Secondary (Class X) — UP Board

Aggregate: 79.50%

CERTIFICATIONS

-
- Java Programming — NPTEL, IIT Kharagpur
 - Database Management Systems — NPTEL, IIT Kharagpur
 - Cloud Computing — NPTEL, IIT Kharagpur
 - C and C++ Programming — IIT Bombay (Spoken Tutorial Project)

ACHIEVEMENTS

- 1st Position — Build CUSTOM Hackathon: Led Team Skyline to victory in a UI/UX-focused hackathon, driving team coordination and final solution delivery.
- Academic Excellence: Consistently ranked among top performers with CGPA 9.10/10 across B.Tech program.
- Competitive Programming: Active problem solver on LeetCode and HackerRank, strengthening DSA and algorithmic thinking.
